Application for Distributing Written Materials to Students

Darrington Elementary School will accept application from non-profit groups for distribution of written materials to our students in their Thursday Folders. The written materials must pertain to community events that would be relevant to students, their families, or the community.

Written materials must not discriminate against nor disparage any group or individual based on race, gender, ethnicity, sexual orientation, color, religious orientation, national ancestry or origin. Written materials may not threaten or intimidate any group or individual. These written materials may not be unlawful in any way.

The district reserves the right, through its principals, not to distribute materials, which are inappropriate or irrelevant to the needs of the students, their families, or the community.
